

# BIBLE IN ONE YEAR DOWNLOAD GUIDE

## Downloading the app:

1. Open the app store and search "Bible In One Year" or scan the QR code.
2. Identify the Bible In One Year app by "Alpha International."
3. Download the app to your device
4. Once the app is downloaded, locate the app on your device and make sure that it downloaded successfully.
5. **Wait until January 1st to begin** (If you press start before January 1st, you will not be on the correct schedule)

## Getting started:

1. On January 1st, open the app and click "start."
2. You will see three editions to choose from. **Click the "classic" option**
3. It will ask you when you would like to start. Click "Start from the beginning."
4. You will find yourself on day 1 of the bible reading plan. Swipe to the left to view that day's content and back to the right to view the guide.
5. Plan and carve out space each day to spend time in the word through this reading plan.

## Problem-solving:

- If you pressed start too soon- delete the app and download it again. This is the only way to reset the app. **Make sure you wait till January 1st to click "start."**
- If you deleted the app, switched devices, or need to start partway into the plan- Rather than clicking "Start from the beginning," choose "Pick up partway through" and select the day (1-365) that you would like to resume on. (there is no way to save your progress or any data through this app)

## If you were not with us at the start of this plan and would like to jump in, You can either:

1. Choose "pick up partway through" and select the day (1-365) that corresponds with the calendar date to join the group or
2. Choose "start from the beginning" and follow the plan from the very beginning.

## Have more questions?

Contact the church office at 253.531.1412, and we would be happy to assist you!
